Application for an extended trading authorisation – White Tank Hotel**

The Independent Liquor & Gaming Authority (“Authority”) first considered the application for an extended trading authorisation for hotel liquor licence LIQH400122632, operating as White Tank Hotel at its meeting on 13 October 2021.

The application sought to extend the trading hours of the whole of the licensed premises:

- from 5:00 AM – 12:00 midnight Mondays to Saturdays and 10:00 AM – 10:00 PM on Sundays, to
- 9:00 AM – 3:00 AM Mondays to Saturdays and 10:00 AM – 10:00 PM on Sundays and public holidays.

- 9:00 AM – 12:00 midnight Mondays to Saturdays and 10:00 AM – 10:00 PM on Sundays and public holidays.

The Authority deferred its consideration of the Application, pending the Applicant being invited to comment on conditions relating to security, restricting access to the premises after midnight and the provision of a courtesy bus.

At a subsequent meeting on 15 December 2021, the Authority noted the Applicant's responses to the proposed conditions, and decided to **approve** the application in part under section 49 of the *Liquor Act 2007*, by approving the following hours:

STATEMENT OF REASONS

DECISION

1. On 18 February 2021, Mr Troy Zarb, on behalf of The White Tank Hotel Pty Ltd (“Applicant”) provided Liquor & Gaming NSW (“L&GNSW”), for determination by the Independent Liquor & Gaming Authority (“Authority”), an application (“Application”) for an extended trading authorisation (“ETA”) for the premises at 203 Main Street, WEST WYALONG NSW 2671 (“Premises”), being hotel liquor licence LIQH400122632, trading as White Tank Hotel (“Licence”).
2. The Application received was not receipted as Bland Shire Council (“Council”) flagged a development consent was required and not in place. The Applicant received the development application on 13 May 2021 and, following a period of administrative delay, the Application was appropriately lodged on 6 July 2021.
3. The Authority first considered the Application at its meeting on 13 October 2021 and, following the receipt and consideration of further requested information, decided on 15 December 2021 to grant the Licence under section 49 of the *Liquor Act 2007* (“Act”).
4. In reaching this decision, the Authority has had regard to the relevant material before it and the legislative requirements under the Act and the Liquor Regulation 2018.
5. A preliminary notification of this decision was sent to the Applicant on 13 January 2022, together with the licence document for the Premises.

MATERIAL CONSIDERED BY THE AUTHORITY

6. The Authority has considered the Application, the accompanying community impact statement (“CIS”), and all submissions received in relation to the Application.
7. The Authority is satisfied that procedural fairness was afforded to the Applicant and interested parties regarding this decision, as all parties required to be notified of the Application were provided with the opportunity to make submissions.
8. In accordance with its *Guideline 6*, the Authority has also had regard to relevant L&GNSW liquor licensing records and data published by Bureau of Crime Statistics and Research (“BOCSAR”), NSW Department of Health, and Australian Bureau of Statistics (“ABS”).
9. A list of the material considered by the Authority is set out in Schedule 2.

LEGISLATIVE FRAMEWORK

10. The Authority has considered the application in the context of the following sections of the *Liquor Act 2007*, and the associated clauses of the Liquor Regulation 2018:
 - a) Section 3: Statutory objects of the Act and relevant considerations.
 - b) Sections 11A and 12: Standard trading period for liquor licences and a mandatory 6-hour period during which liquor cannot be sold.
 - c) Sections 14, 15, 15A and 17: Specific provisions in respect of a hotel licence.
 - d) Section 40: Minimum procedural requirements for a liquor licence application to be validly made.
 - e) Section 44: Submissions to Authority in relation to licence applications.
 - f) Section 45: Criteria for granting a liquor licence.
 - g) Section 48: Requirements in respect of a CIS, including a requirement that the Authority must not approve the application unless it is satisfied, having regard to the CIS and other available information, that the overall social impact of doing so will not be detrimental to the well-being of the local or broader community.
 - h) Section 49: General provisions in respect of ETAs.

i) Section 51: General provisions relating to licence-related authorisations.

11. An extract of these sections is set out in Schedule 3.

12. The Authority has also had regard to its Guideline 6 in considering the overall social impact of approving the application pursuant to section 48 of the Act.

KEY FINDINGS

13. Having regard to the information before it and relevant legislative requirements, the Authority makes the following findings in relation to the Application.

Validity, procedural and trading hour requirements

14. The Authority is satisfied on the material before it that:

- a) the Application has been validly made and meets the procedural requirements under sections 40 and 51 of the Act, and
- b) the proposed trading hours for the Premises meet the requirements under sections 11A, 12 and 14 of the Act in respect of trading and 6-hour closure periods.

15. Pursuant to section 48 of the Act, the Authority finds that the CIS submitted with the Application was prepared in accordance with the relevant requirements.

Fit and proper person, responsible service of alcohol, and development consent requirements

16. Pursuant to section 45 of the Act, the Authority is also satisfied that:

- a) the Applicant is a fit and proper person to carry on the business to which the proposed licence relates, given that no concerns regarding the Applicant's probity were raised upon consultation with relevant law enforcement agencies,
- b) practices would be in place from the commencement of licensed trading at the Premises to facilitate the responsible serving of alcohol, having regard to the plan of management documentation for the Premises and the conditions to be imposed on the licence, and
- c) the requisite development consent is in force, based on development application 2021/0098 in respect of the Premises, issued by Bland Shire Council on 4 May 2021.

Community impact

Local and broader communities

17. For the purpose of this decision and consistent with its position in *Guideline 6*, the Authority is satisfied that the relevant "local community" is the community within the suburb of West Wyalong, and the relevant "broader community" comprises the Local Government Area ("LGA") of Bland.

Licence density

18. The Authority notes that, compared to the NSW state average:

- a) West Wyalong and Bland LGA have a **higher** saturation of hotel licences
- b) West Wyalong and Bland LGA have a **higher** saturation of late-trading outlets
- c) West Wyalong and Bland LGA have a **lower** clustering of hotel licences
- a) West Wyalong and Bland LGA have a **lower** clustering of late-trading outlets.

Crime data

19. The relevant BOCSAR data indicates that, in the year to March 2021:

- a) the Premises was not located within or in close proximity to any crime hotspots.
- b) West Wyalong recorded **higher** rates of alcohol-related domestic assault, alcohol-related non-domestic assault, late-night alcohol-related non-domestic assault, alcohol-related offensive conduct and malicious damage to property and **lower** rates of alcohol-related non-domestic serious assault, compared to the NSW state average.

- c) Bland LGA recorded **higher** rates of alcohol-related domestic assault, alcohol-related non-domestic assault, late-night alcohol-related non-domestic assault, alcohol-related non-domestic serious assault, alcohol-related offensive conduct and malicious damage to property compared to the NSW state average.

Alcohol-related health data

20. The most recent HealthStats NSW data available at the time of the Authority's decision indicates that Bland LGA recorded a **higher** than average level of alcohol-attributable deaths for the period 2017/2018, and a **lower** than average level of alcohol-attributable hospitalisations for the period 2017/2018-2018/2019.

SEIFA

21. The Authority notes that ABS Socio-Economic Index for Areas ("SEIFA") data as at 2016 indicates that West Wyalong and Bland LGA were relatively disadvantaged and disadvantaged, respectively, compared to other suburbs and LGAs in NSW.

Business model

22. The Authority notes that the proposed business model involves the retail sale of liquor on the Premises for consumption on and away from the Premises, the provision of food in the lounge and dining area, accommodation on level one on an unlicensed basis and occasional live entertainment on Friday and Saturday nights, including live bands and DJs.

Purported benefits

23. The Authority has had regard to the Applicant's purported benefits, including that:
- a) the current manager is an experienced operator with nil adverse issues recorded by L&GNSW Compliance since the Premises was purchased, renovated and reopened in 2017
 - b) local community demand for late trading and benefits including servicing shift workers and farmers
 - c) the financial need of business to remain competitive with later hours as offered by other local venues.

Stakeholder submissions

24. The Authority has had regard to the submissions from:
- a) **NSW Police Force**, which objected to the Application on the basis of possible negative effects on the community and previous alcohol-related incidents including noise and behaviour of patrons leaving the hotel, intoxication, assaults and street offences under the previous ETA and previous business owners. Police submitted the following information to support their objection, including:
 - i. the problematic physical layout of the hotel with multiple entry and exit points, particularly the beer garden with open fencing leading onto the rear lane, which cannot be effectively monitored, creates a risk of secondary supply of alcohol to minors and is not suitable for use during extended trading periods
 - ii. limited Police resources in a large geographical area
 - iii. limited late-night transport options in West Wyalong
 - iv. high density of licensed premises in Bland LGA
 - v. recent assaults attributed to the Premises, including an alleged glassing

- vi. disputing the Applicant's claimed benefit of servicing shift workers and farmers as there is a lack of local evidence that this is needed, especially during the dry season when grain harvest normally occurs
- vii. attributing the recent significant reduction in alcohol-related incidents attributed to the hotel as a by-product of the reduction in trading hours, rather than the work of the new owner and manager
- viii. no other licensed premises in West Wyalong are trading past midnight on Monday to Thursdays
- ix. Police have concerns with the Applicant's CIS, which was dated, lodged and received by Police on 18 February 2021. The CIS claims Police support the granting of the ETA. Police do not agree with the claim contained in the CIS and their submission, dated 19 July 2021, details their concerns which include:
 - 1. Police have reviewed the CIS
 - 2. it is incorrect that the CIS claims Police support the proposed application to vary the Hotel's hours
 - 3. Police made it sufficiently clear in an informal meeting with the Applicant on 13 February 2020 that they had concerns about previous alcohol-related incidents when the Premises utilised an ETA
 - 4. there is no evidence regarding who from Police supports the Application
- x. if the Authority grants the ETA, Police submit the Authority should:
 - 1. limit the ETA to 1am on Friday and Saturday only
 - 2. impose a condition relating to the use of the beer garden as part of the extended trading authorisation
 - 3. impose a condition requiring a minimum of two security guards should be employed during extended trading times.
- b) **L&GNSW Compliance**, which did not identify any adverse findings regarding the Application, however, did note that an increased risk of alcohol-related harm occurring at any venue arises when trading hours are increased.
- c) **Bland Shire Council**, which did not have any concerns with the Application and advised the subject extension of hours proposed by the Premises is now incorporated in development application 2021/0098.

25. The Authority has had regard to the Applicant's submission in response and notes:

- a) updates have been made to the alcohol management plan to counter increased risk of alcohol-related harm during the late trading period
- b) the approved manager has fit and proper status, along with considerable liquor and security industry experience
- c) the front and back entrances are regularly monitored by CCTV (reviewed on a large screen monitor behind bar) and physically by staff
- d) the Applicant is agreeable to having locked fences or gates installed in the back of the Premises to address Police concerns
- e) the Premises has a courtesy bus which provides safe transportation for patrons in town if needed
- f) the alleged glassing is still under investigation

- g) had Police discussed the proposed conditions during the CIS process, the Applicant would have had time to consider and negotiate an amicable outcome, and reiterates that no written response was provided by Police
- h) this is not a new ETA, rather it is an application for the reinstatement of the Premises' former ETA, which was surrendered by a previous liquidator
- i) if business is slow, it is highly likely the Premises will close before the ETA and the ETA is intended to be used during wet periods where farmers and contractors are unable to work, and for end of season celebrations
- j) the ETA is not just about filling a demand in the community, but allows the Premises to have the same business opportunities as four other venues which have ETAs in place
- k) in respect of the proposed conditions by Police, the Applicant submits:
 - i. the beer garden should be included in the ETA as this area is the only designated smoking area, with the caveat that gates and fencing are secured, and the only entry/exit is through the front door during extended trading hours
 - ii. security guards are not required as they are not required at any other venue with extended trading, and would be another financial hurdle as the venue attempts to expand its trade
 - iii. ETA be granted as requested, with management and the licensee utilising it as needed and when it makes financial sense.

Additional inquiries

26. Given the relatively high crime and licence density statistics coupled with the Police objection, the Authority proposed the following harm minimisation strategies in order to reduce the risk profile of a grant, including:

- a) granting a less extensive ETA until 1am Monday to Thursday and 3am Friday to Saturday
- b) excluding the beer garden and outdoor areas from the ETA Monday to Thursday, and/or limit these areas to 1am or 2am to reduce likelihood of noise impacts
- c) impose:
 - i. a condition requiring the beer garden to be adequately fenced and secured as offered by the Applicant
 - ii. a security condition for trade past midnight on Friday and Saturday, and any day preceding a public holiday, or when live entertainment is provided on those nights
 - iii. a condition restricting the entry and exit to the Premises to the front doors during ETA hours
 - iv. a condition requiring the Applicant make the Premises courtesy bus available to patrons whenever the Premises trades past midnight.

27. The Authority deferred consideration of the matter until the Applicant had been provided an opportunity to comment on the above proposed risk minimisation strategies.

28. The Applicant later consented to the single point of entry condition and the outdoor beer garden being adequately fenced and secured. Additionally, the Applicant suggested amendments to the proposed security and courtesy bus conditions.

Findings of concern

29. Having regard to the relevant statistics and the submissions received, including the Applicant's reply submissions and responses to the Authority's further inquiries, the Authority finds that:
- a) Police strongly object to the Application, especially regarding the CIS lodged by the Applicant
 - b) there are high crime statistics in both West Wyalong and Bland LGA for all relevant categories
 - c) there is high licence density in both West Wyalong and Bland LGA for all relevant categories, including late-trading outlets
 - d) there is a higher proportion of vulnerable residents, including significantly higher than average proportion of indigenous people
 - e) West Wyalong ranks below average for relative socio-economic advantage
 - f) there is a higher than average alcohol-attributed death rate.
30. The Authority notes that there may be a risk that if the Licence were to be granted, liquor sold at the Premises will, over time, contribute to an increase in alcohol-related crime, health and other social and amenity issues in the local and broader communities, and in other areas of the State.

Mitigating factors

31. The Authority is nevertheless satisfied that the risk is sufficiently mitigated by the following:
- a) the Applicant consenting to the point of entry and outdoor beer garden being secured conditions proposed by the Authority and providing sensible amendments to the security and courtesy bus conditions, which alleviates the risk profile of the Application
 - b) the ETA is to be limited to 1am Monday to Thursday and 3am Friday to Saturday
 - c) the Premises previously held an ETA that may have been inadvertently surrendered by liquidators
 - d) no objections other than Police
 - e) no gaming offered at the Premises
 - f) no crime hotspots in West Wyalong
 - g) low licence clustering density in West Wyalong and Bland LGA for all venue types except Clubs compared to NSW average
 - h) although crime statistics and licence density rates in West Wyalong and Bland LGA are notably higher than NSW averages, both areas are more closely aligned with Outer Regional NSW averages
 - i) lower than average alcohol-attributed hospitalisation rate
 - j) current owner/manager is a fit, proper and experienced operator with nil adverse issues recorded since Hotel was reopened in 2017
 - k) local community demand for late trading
 - l) if approved, the Application would result in:
 - i. a reduction of endorsed consumption on premises and take away trading hours
 - ii. a six hour closure period applying to the licence
 - iii. opportunity to align existing licence conditions to the licence type and business model.

CONCLUSION

32. Having considered the positive and negative social impacts that are likely to flow from granting the ETA, the Authority is satisfied that the overall social impact of granting the ETA would not be detrimental to the well-being of the local and broader communities.
33. The Authority is also satisfied that the other legislative criteria for the granting of the ETA have been met.
34. Accordingly, the Authority has decided to grant the ETA under section 49 of the Act.

3 Objects of Act

- (1) The objects of this Act are as follows:
 - (a) to regulate and control the sale, supply and consumption of liquor in a way that is consistent with the expectations, needs and aspirations of the community,

 - (c) to contribute to the responsible development of related industries such as the live music, entertainment, tourism and hospitality industries.
- (2) In order to secure the objects of this Act, each person who exercises functions under this Act (including a licensee) is required to have due regard to the following:
 - (a) the need to minimise harm associated with misuse and abuse of liquor (including harm arising from violence and other anti-social behaviour),
 - (b) the need to encourage responsible attitudes and practices towards the promotion, sale, supply, service and consumption of liquor,
 - (c) the need to ensure that the sale, supply and consumption of liquor contributes to, and does not detract from, the amenity of community life.

11A Special licence condition—6-hour closure period for licensed premises

- (1) This section applies in relation to:
 - (a) any licence granted on or after 30 October 2008, and
 - (b) any licence in force before that date, but only if an extended trading authorisation granted on or after that date is in force in relation to the licensed premises concerned.
- (2) A licence to which this section applies is subject to the condition that liquor must not be sold by retail on the licensed premises for a continuous period of 6 hours (as determined in accordance with this section) during each consecutive period of 24 hours (the 6-hour closure period).
- (3) Except as provided by subsection (4), the 6-hour closure period for any particular licensed premises is the period that is approved for the time being by the Authority.
- (4) In the case of a licence:
 - (a) granted on or after 30 October 2008 but before the date on which this section (as inserted by the Liquor Legislation Amendment Act 2008) commenced, or
 - (b) granted by the Local Court (as provided by clause 25 of Schedule 1) at any time after the date on which this section commenced,the 6-hour closure period for the licensed premises is, subject to subsection (5), the period from 4 am to 10 am.
- (5) The Authority may at any time, on application by the licensee or by the Secretary or the Commissioner of Police, or on its own initiative, approve of licensed premises having a different 6-hour closure period than:
 - (a) the period as last approved by the Authority, or
 - (b) the period specified in subsection (4).
- (6) Any such application by the licensee must be accompanied by the fee prescribed by the regulations.
- (7) To avoid doubt, during the 6-hour closure period for any licensed premises:
 - (a) the licensed premises are not authorised to stay open for the retail sale of liquor on the premises, and
 - (b) the licensee is not authorised to sell liquor by retail for consumption away from the licensed premises.
- (8) This section has effect despite any other provision of this Act (in particular, those provisions relating to the standard trading period for licensed premises).
- (9) This section does not, however, apply to the sale or supply of liquor to a resident of licensed premises if the liquor is sold or supplied for consumption in the room in which the resident is residing or staying.
- (10) The regulations may also create exceptions to this section.

12 Standard trading period for certain licensed premises

- (1) For the purposes of this Act, the **standard trading period** means—
 - (a) for any day of the week other than a Sunday—
 - (i) the period from 5 am to midnight, or
 - (ii) if the regulations prescribe a shorter period—the period as so prescribed, and

- (b) for a Sunday—
 - (i) the period from 10 am to 10 pm, or
 - (ii) if the regulations prescribe a shorter period—the period as so prescribed.
- (1A) Despite subsection (1), the **standard trading period** for a small bar is the period from noon to midnight on any day of the week.

Note—

Small bars are subject to the 6-hour closure period under section 11A.

- (1B) Despite subsection (1)(b), the **standard trading period** for premises to which this subsection applies ends at midnight on a Sunday that falls on 24 or 31 December.
- (1C) Subsection (1B) applies to the following premises or part of premises—
 - (a) if the primary purpose of the business carried on on licensed premises to which a packaged liquor licence relates is the sale or supply of liquor for consumption away from the licensed premises—the licensed premises,
 - (b) if the primary purpose of the business carried on on licensed premises to which a packaged liquor licence relates is not the sale or supply of liquor for consumption away from the licensed premises—the part of the premises that is a liquor sales area (within the meaning of section 30) of the licensed premises,
 - (c) if a hotel licence, club licence, on-premises licence or producer/wholesaler licence authorises the licensee to sell liquor for consumption away from the licensed premises—any part of the licensed premises to the extent that it is used for that purpose.
- (2) Any regulation that prescribes a shorter period for the purposes of subsection (1) may—
 - (a) apply to a specified class of licensed premises, and
 - (b) apply in relation to a specified day or days, and
 - (c) in the case of licensed premises on which liquor may be sold or supplied for consumption on the premises as well as for consumption away from the premises—specify different periods for the sale or supply of liquor for consumption on the premises and for the sale or supply of liquor for consumption away from the premises.
- (3) Without limiting subsection (2)(a), a class of licensed premises may be specified by reference to licensed premises that are located in a particular area (however described).

14 Authorisation conferred by hotel licence

- (1) A hotel licence authorises the licensee to sell liquor by retail on the licensed premises for consumption on or away from the licensed premises.
- (2) **Trading hours for consumption on premises** The times when liquor may be sold for consumption on the licensed premises are as follows—
 - (a) during the standard trading period or at such other times as may be authorised by an extended trading authorisation,
 - (b) on 31 December in any year (but without limiting the operation of any extended trading authorisation)—from the start of the standard trading period for that day until 2 am on the next succeeding day,
 - (c) at any time on any day (including a restricted trading day) to a resident of the licensed premises or to a guest of such a resident while the guest is in the resident's company.
- (3) **Restricted trading days** Despite subsection (2)(a), the times when liquor may be sold for consumption on the licensed premises on a restricted trading day are as follows—
 - (a) between midnight and 5 am on that day (but only if authorised by an extended trading authorisation),
 - (b) between noon and 10 pm on that day.
- (3A) In the case of Christmas Day, liquor must not be sold for consumption on the licensed premises between noon and 10 pm unless it is sold with or ancillary to a meal served in a dining area on the licensed premises.
- (4) **Trading hours for consumption away from premises** Liquor may be sold for consumption away from the licensed premises during the standard trading period or at such other times as may be authorised by an extended trading authorisation.
- (4A) An extended trading authorisation must not authorise the sale of liquor for consumption away from the licensed premises—
 - (a) on a Sunday that does not fall on 24 or 31 December—after 11 pm, and
 - (b) on any other day—after midnight.
- (5) **No take-away sales on restricted trading days** However, the sale of liquor for consumption away from the licensed premises is not authorised on a restricted trading day.
- (6) **Functions on other premises** A hotel licence also authorises the licensee to sell liquor by retail for the purposes of a function to be held on such other premises as the Authority may, on application by the licensee, authorise, but only for consumption on those premises and at such times as may be specified by the Authority in the licence.

Note—

Section 51 applies to an authorisation referred to in this subsection.

15 Hotel licence—general provisions

- (1) The following provisions apply in relation to a hotel licence (*the hotel primary purpose test*)—
 - (a) except as provided by section 15A, the primary purpose of the business carried out on the licensed premises must at all times be the sale of liquor by retail,
 - (b) the keeping or operation of gaming machines (as authorised under the *Gaming Machines Act 2001*) on the licensed premises must not detract unduly from the character of the hotel or from the enjoyment of persons using the hotel otherwise than for the purposes of gambling.
- (2) The authorisation conferred by a hotel licence does not apply unless the hotel primary purpose test is complied with in relation to the licensed premises.
- (3) Any premises (other than the actual hotel) that are authorised by the Authority for the sale of liquor under a hotel licence are, for the purposes of this Act, taken to be part of the licensed premises to which the licence relates.

15A Cessation of liquor sales during trading hours

- (1) **Extended trading periods** A hotelier may, at any time during the period that an extended trading authorisation is in force in relation to the licensed premises—
 - a. cease to sell or supply liquor on the licensed premises, and
 - b. continue to provide, or make available, other services and facilities on the licensed premises (such as food and non-alcoholic beverages, entertainment and the use of the premises for conferences or meetings and for gambling activities that are otherwise permitted on the premises).
- (2) **Authority may approve of cessation of liquor sales during standard trading period** A hotelier may, at any time during the standard trading period—
 - i. cease to sell or supply liquor on the licensed premises, and
 - ii. continue to provide, or make available, other services and facilities on the licensed premises (such as food and non-alcoholic beverages, entertainment and the use of the premises for conferences or meetings and for gambling activities that are otherwise permitted on the premises), but only with the approval of the Authority.
- (3) An application for the approval of the Authority under subsection (2) may be made by the hotelier concerned. Any such application must be accompanied by the fee prescribed by the regulations.
- (4) The Authority may give its approval only if it is satisfied that—
 - a. the operation of gaming machines on the licensed premises during the period to which the approval relates will not detract unduly from the character of the hotel, and
 - b. gambling activities on the licensed premises will be conducted in a responsible manner.
- (5) **Cessation of liquor sales during standard trading period without gambling activities** A hotelier may, at any time during the standard trading period—
 - (a) cease to sell or supply liquor on the licensed premises, and
 - (b) continue to provide, or make available, other services and facilities on the licensed premises (such as food and non-alcoholic beverages, entertainment and the use of the premises for conferences or meetings).

However, it is a condition of the licence that the licensed premises must not be used for the purposes of any gambling activities during any such time that liquor is not being sold or supplied unless an approval is in force under subsection (2) in relation to the licensed premises.

17 Hotel licence—miscellaneous conditions

- (1) **Cash advances prohibited** A hotelier must not—
 - (a) provide a cash advance in the hotel, or
 - (b) permit a cash advance to be provided in the hotel on behalf of the hotelier, except as a prize or bonus won as a direct or indirect consequence of participating in a form of gambling that may lawfully be conducted on the licensed premises.
- (2) **Hotels must be open to general public** The business carried out under a hotel licence must not be, or include, a business that is limited to the sale or supply of liquor only—
 - (a) to persons who have been invited to use or attend the hotel, or
 - (b) to a particular class, or particular classes, of persons using or attending the hotel.
- (2A) To avoid doubt, subsection (2)—
 - (a) does not prevent a hotel being closed to the general public because it has been booked for a private function including, for example, a wedding or party, but
 - (b) does not allow it to be closed to the general public for use as a members-only premises or club, or for other exclusive use on a recurrent basis.
- (3) Subsection (2) is subject to such exceptions as may be approved by the Authority on a temporary basis in relation to any particular hotel or to such other exceptions as may be prescribed by the regulations. Also, subsection (2) does not apply to the extent that is necessary to comply with any other provision of this Act or with any other law.

- (4) **Food must be made available** Liquor may only be sold or supplied in a hotel if food of a nature consistent with the responsible sale, supply and service of alcohol is made available whenever liquor is sold or supplied on the premises for consumption on the premises. If any requirements are prescribed by the regulations in relation to the nature of any such food, those requirements must be complied with.
- (5) **Prohibition on residents and employees drinking liquor in bar area outside trading hours** Liquor may not be sold or supplied to, or consumed by, a resident or an employee of the licensee in a bar area of the hotel except at the time when liquor is authorised to be sold or supplied to other persons in that or any other bar area of the hotel. This subsection has effect despite any other provision of this Act, but is subject to subsection (6).
- (6) The Authority may, on application by a hotelier, authorise the use of a bar area of the hotel for the sale, supply or consumption of liquor exclusively to, or by, residents at a time when liquor may not otherwise be sold or supplied in a bar area of the hotel.

Note—

Section 51 applies to an authorisation referred to in this subsection.

- (3) An application for a licence may not be made by:
 - (a) an individual who is under the age of 18 years, or
 - (b) a person who is disqualified from holding a licence or who holds a suspended licence, or
 - (c) an individual who is a controlled member of a declared organisation within the meaning of the Crimes (Criminal Organisations Control) Act 2012.

Note. Controlled members are prohibited from applying for licences—see section 27 of the Crimes (Criminal Organisations Control) Act 2012.

 - (b) be accompanied by the fee prescribed by the regulations and such information and particulars as may be prescribed by the regulations, and
 - (c) be advertised in accordance with the regulations, and

Note. See also section 48 which requires a community impact statement to be provided with certain licence applications.

- (5) If, before an application for a licence is determined by the Authority, a change occurs in the information provided in, or in connection with, the application (including any information provided in accordance with this subsection), the applicant must immediately notify the Authority of the particulars of the change.

44 Submissions to Authority in relation to licence applications

- (1) Any person may, subject to and in accordance with the regulations, make a submission to the Authority in relation to an application for a licence.
- (2) If any such submission is made to the Authority, the Authority is to take the submission into consideration before deciding whether or not to grant the licence.

45 Decision of Authority in relation to licence applications

- (1) The Authority may, after considering an application for a licence and any submissions received by the Authority in relation to the application, grant the licence or refuse to grant the licence. The Authority may determine the application whether or not the Secretary has provided a report in relation to the application.
- (2) The Authority may, in such circumstances as the Authority considers appropriate, treat an application for a licence as having been withdrawn.
- (3) The Authority must not grant a licence unless the Authority is satisfied that:
 - (a) the applicant is a fit and proper person to carry on the business or activity to which the proposed licence relates, and
 - (b) practices will be in place at the licensed premises as soon as the licence is granted that ensure, as far as reasonably practicable, that liquor is sold, supplied or served responsibly on the premises and that all reasonable steps are taken to prevent intoxication on the premises, and that those practices will remain in place, and

- (c) if development consent is required under the Environmental Planning and Assessment Act 1979 (or approval under Part 3A or Part 5.1 of that Act is required) to use the premises for the purposes of the business or activity to which the proposed licence relates—that development consent or approval is in force.

Note. Section 48 also requires the Authority to be satisfied of certain other matters before granting a hotel, club or packaged liquor licence.

- (4) The regulations may also provide mandatory or discretionary grounds for refusing the granting of a licence.
- (5) Without limiting subsection (3) (a), a person is not a fit and proper person to carry on the business or activity to which a proposed licence relates if the Authority has reasonable grounds to believe from information provided by the Commissioner of Police in relation to the person:
 - (a) that the person:
 - (i) is a member of, or
 - (ii) is a close associate of, or
 - (iii) regularly associates with one or more members of,a declared organisation within the meaning of the Crimes (Criminal Organisations Control) Act 2012, and
 - (b) that the nature and circumstances of the person's relationship with the organisation or its members are such that it could reasonably be inferred that improper conduct that would further the criminal activities of the declared organisation is likely to occur if the person is granted a licence.
- (5A) Without limiting subsection (3) (a), in determining whether an applicant is a fit and proper person to carry on the business or activity to which the proposed licence relates, the Authority is to consider whether the applicant:
 - (a) is of good repute, having regard to character, honesty and integrity, and
 - (b) is competent to carry on that business or activity.
- (6) The Authority is not, under this or any other Act or law, required to give any reasons for not granting a licence because of subsection (5) to the extent that the giving of those reasons would disclose any criminal intelligence.
- (7) In deciding whether or not to grant a licence, the Authority must consider whether, if the licence were granted, it would provide employment in, or other opportunities for, any of the following—
 - (a) the live music industry,
 - (b) the arts sector,
 - (c) the tourism sector,
 - (d) the community or cultural sector.

48 Community impact

- (1) The object of this section is to facilitate the consideration by the Authority of the impact that the granting of certain licences, authorisations or approvals will have on the local community, in particular by providing a process in which the Authority is made aware of:
 - (a) the views of the local community, and
 - (b) the results of any discussions between the applicant and the local community about the issues and concerns that the local community may have in relation to the application.
 - (c) whether the granting of the application would provide employment in, or other opportunities for, any of the following—

but does not include any application for an extended trading authorisation in relation to a special occasion (as referred to in section 49 (5) (b) or (5A) or 49A (3) (b)).

- (3) A relevant application must be accompanied by a community impact statement.
- (3A) However, a small bar application is not required to be accompanied by a community impact statement if:
 - (a) development consent is required under the Environmental Planning and Assessment Act 1979 to use the premises to which the application relates as a small bar or to sell liquor during the times to which the application relates, and
 - (b) the local police and the Secretary are, no more than 2 working days after the application for the required development consent, or any variation to that application, is made, notified by the applicant of the making of the application for development consent or of the variation to that application.

 - (a) the application relates to the same premises as the premises to which a general bar licence relates, and
 - (b) development consent has been obtained under the Environmental Planning and Assessment Act 1979 to sell liquor during the times to which the application relates and those times are specified in the development consent.

- (4) The community impact statement must:
 - (a) be prepared in accordance with the regulations and any requirements of the Authority, and
 - (b) be in the form approved by the Authority.
- (5) The Authority must not grant a licence, authorisation or approval to which a relevant application relates unless the Authority is satisfied, after having regard to:
 - (a) the community impact statement provided with the application, and
 - (a1) any published cumulative impact assessment that applies to the area in which the premises the subject of the application are located, and
 - (b) any other matter the Authority is made aware of during the application process (such as by way of reports or submissions),that the overall social impact of the licence, authorisation or approval being granted will not be detrimental to the well-being of the local or broader community.
- (6) The regulations may make provision for or with respect to the following:

 - (b) taken any such submissions into consideration before making the decision.
- (14) This section does not authorise the revocation or variation of a condition to which an authorisation is subject if the condition is imposed by this Act or is prescribed by the regulations.
